

# Ice Hotel

Ice hotel is the place to chill in Sweden, 200 km north of arctic circle.

It is located in Jukkasjärvi on the banks\* of the Torne that separates Sweden and Finland.

The hotel was built in 1990 with ice and snow and opened 1990.

The hotel is 4000 m2 and open from december to april.

30 000 tons of ice were used.

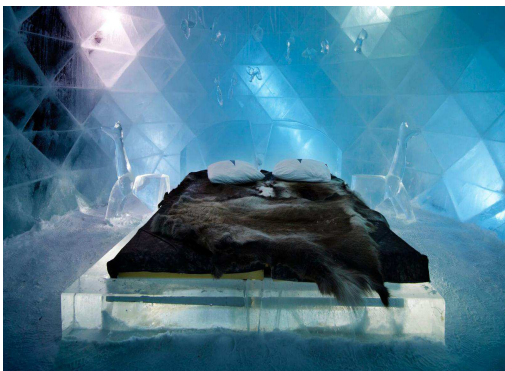

It's the biggest and the first ice hotel in the world.

The hotel harnesses\* the sun's power, using solar panels to create electricity.

In the ice hotel, there are 120 beds,60 bedrooms,a

gallery,an ice bar, a cinema,a chapel,furniture\*,objets of decorations and scultures made of ice.

The works of art of the exhibition gallery renew every year.

The price for one night is between 165 and 550 euros, it's a luxury.

It is better to reserve a 1 year in advance.

Thousands of tourists come to test the experience every year.

The ice hotel is part of the unusual\* accommodation\*.

Does it tempt you ?
